Sound Conservancy

Optimal acoustic performance is fully iterated and obtained, allowing you to enter the zone of serenity.

Versatile Design

We understand the great importance of ergonomics and active working, hence its highly configuration to meet ever-changing needs.

It all starts from a need: a need for **silence** & **privacy.**
We create new possibilities to spaces.

Energy Saving

For minimum electricity consumption, it is equipped with motion sensor to better utilize its lighting and ventilation system.

Aesthetically Functional Lighting

Daylight color temperature LED lighting system is selected to work harmoniously with our product design. Not only it is functional, but it also builds character and creates atmosphere.

Note:

Movable kits & frosted films are sold separately.
Weight does not include matching furniture, electrical
appliances and equipments.

BIZ/EDU SERIES

Change is inevitable & constant. How we work is changing. We need a space that's more than just a room. A space to think and create. Even in the busiest environments.

Out with the old, in with the new! The ultimate workspace that is **versatile**, **elegant** and most importantly, **quiet**.
